Fall Arrest Block RGA1

Product information

The perfect personal issue fall arrest block for operatives working at height at a length of 2.5m.
The compact and lightweight design reduces the risk of trip hazards and makes it ideal for work in compact areas. The block has an almost instant lock-off in the event of a fall, and it recoils back into the casing when slack is introduced.
The connector comes with a built in fall indicator to show when the block has experienced a fall and should be taken out of use.
