Adjustable Pallet Forks

Product information

The Automatic Pallet Forks effectively convert an overhead crane into a pallet moving tool. There are many applications where fork trucks cannot be operated due to a lack of floor space for example high rise developments. These crane forks are equipped with adjustable forks, height adjustable and an automatic balancing system along with pre- fitted safety net system (net supplied separately).

Standard Features

- Spring loaded self-balancing head.
- Restraint Net Frame
- Ratchet strap for load securing
- Adjustable Height – Clear Height 1200-1900mm
- Adjustable Fork Widths
- Convenient Hand Holds.

Optional Features

- Restraint net.
