Carpet Pole

Product information

Suitable for a variety of applications when the lifting and repositioning of a coiled product is required such as fabric, carpets, paper rolls, linings. Fitted directly onto the carriage of the forklift, thus maintaining the truck's optimum lifting capacity.

Standard Features

- High tensile machined pole with tapered tip to ease location into coiled product
- Smooth surface finish to protect the intended load to be lifted
- Quick release bottom hangers supplied as standard
- Painted bright orange for safety
