Carriage Mounted Jib

Product information

When dedicated lifts are needed on a regular basis the Carriage Mounted Job delivers the perfect substitute to an overhead crane or static floor mounted Jib Arm, with the added benefit of a reduced los load centre and centre of gravity over and above the Fork Mounted version.

Standard Features

- Multi hook positioning from 1000-1750 load centres.
- Supplied complete with swivel hook and bow shackle
- Quick release bottom hangars supplied as standard
- Lifting eye at centre of gravity for ease of movement and mounting on to forklift
- Painted bright orange for safety
