

## Fork Mounted Inline Pole

### Product information

Fork Mounted Inline Pole As with the Carriage Mounted Pole the Fork Mounted Pole is capable of lifting a variety of coiled products, but is usually used in low volume / occasion usage environment with a mixed pallet / coiled product application.

#### Standard Features

- High tensile machined pole with tapered tip to ease location into coiled product
- Free standing for ease of fork location
- Smooth surface finish to protect the intended load to be lifted
- Zinc plated heel pins for safe attachment to truck
- Maximum fork section 125 x 50 mm at 695 centres
- Painted bright orange for safety
