

Mechanical Scissor Grab - IFA

Product information

Designed to lift, move and release numerous types of slabs, blocks and single or double layer kerb packs safely on a building site or yard, up to 1800kg. Fully mechanically operated via the forklift (without the driver leaving the safety of his seat) or via an overhead crane / HIAB.

Standard Features

- External handles for ease of positioning
- Adjustable internal pack height
- Profiled hooks for attachment of optional safety net
- Fully automatic mechanism
- Segmented interchanged rubber pads
- Painted bright orange for safety

Optional Features

- Restraint Net
- Fork Mounted Yoke – refer to separate specification sheet
