Tripod TM 12 SPIDER

Product information

The TM 12 SPIDER cargo and personal lifting device is fitted with 2 movable and 4 fixed anchoring points.

The TM12 Spider set is used to protect employees working in drainage wells, reservoirs, wells, silos etc. during lifting loads. To ensure personal protection, the device must be used in conjunction with fall arrest equipment.

The TM 12 Spider is designed for use with:

- RUP series brake winches (max WLL 1000kg)
- RUP series rescue lifting devices (max WLL 200kg)
- CRW300 device.
