

Cable Drum Spreader Bar

Product information

Designed for the safe lifting and handling of cable drums and cable laying applications.

The lightweight bar allows easy assembly through the drum centre, while all other parts are lifted into place with plant.

A simple pin in position coupler, with adjustment, allows the drum to be held on the bar, ensuring controlled rotation.

Four standard units allow a large variety of drums to be carried.

- *Hand-built with great emphasis on quality, strength and efficiency of design.*
- *Features a lightweight aluminium spindle, within manual handling limits, and quick release collars with simple tool-less assembly.*
- *Adjustable to suit most drums with a safe working load from 2.5-5T.*
- *Cable drums rotate freely on bearings to ensure smooth cable unwinding.*
- *Easily stowed when not in use.*

Min. Drum Width (mm): 800

Max. Drum Width (mm): 1700

Max. Drum Diameter (mm): 2700

Max. Drum Hold Size (mm): 80
