

High Lift Pallet Truck

Product information

The high lift pallet truck (also sometimes referred to as a 'Hilifter truck' or 'Scissor Lift Pallet Truck') is designed to eliminate repetitive back strain when loading or offloading pallets by hand.

The high lift pallet truck has a scissor action to lift pallets to a working height of 800mm. Our scissor lift pallet trucks conform to the latest applicable health and safety regulations and can help to reduce the chances of a back strain or injury
