RGK11 60mm scaffold hook 23kN

Product information

The RGK11 is an aluminium safety hook with a large gate opening and a captive eye. It is normally fitted to a fall arrest lanyard and enables quick connection to scaffolding or steel structures.

The double-action safety closure prevents accidental opening while allowing quick and easy operation.

Application:

- The hook is commonly used on twin-leg Y-shaped fall arrest lanyards with two separate connecting legs.
