The Basic Kit RGHK1

Product information

The RIDGEGEAR RGHK1 Basic Height Safety Kit provides the essential equipment for fall arrest when working at height. Combining a two-point full body harness with a single leg energy absorbing lanyard, it offers a ready-to-use solution for work near open edges and fragile surfaces.

Best used for:

- General work at height near open edges or fragile roof surfaces.
- Construction, maintenance and industrial tasks requiring a complete fall arrest starter kit.

Product benefits

- Complete kit includes harness, lanyard and two screwgate karabiners.
- Two-point harness with front and rear attachment points offers flexible connection options.
- Energy absorbing lanyard limits maximum arrest force to below 6 kN.

Kit contains:

- Front & rear D harness (RGH2)
- Single leg webbing lanyard and shock absorber (RGL1)
- 17mm steel screwgate karabiner x 2 (RGK1)
