The Restraint Kit RGHK5 MEWP

Product information

The RIDGEGEAR RGHK5 MEWP Restraint Kit is a complete work restraint system designed for use in mobile elevating work platforms (MEWPs), including cherry pickers. Combining a two-point full body harness with an adjustable restraint lanyard, it helps keep the user safely restrained within the platform, reducing the risk of reaching a fall hazard.

Best used for:

- Work in MEWPs, cherry pickers and boom lifts requiring a work restraint system.
- Maintenance, construction and inspection tasks performed from elevated work platforms.

Product benefits:

- Complete kit includes harness, adjustable restraint lanyard and two screwgate karabiners.
- Adjustable restraint lanyard helps prevent users reaching fall hazards.
- Two-point harness offers front and rear attachment options for versatile restraint use.
- Supplied as a ready-to-use kit for quick equipment selection and deployment.

Kit contains:

- Front & rear D harness (RGH2)
- Single leg adjustable webbing restraint lanyard (RGL12)
- 17mm steel screwgate karabiner x 2 (RGK1)
